Experience

Pragmatech Education and development Center

Junior Front-end Developer - Mentor

February 2021 – September 2021

Baku, Azerbaijan

- Mentored a cohort of 110 students enrolled in the Front-end Developer course.
- Conducted thorough assessments of students' homework assignments.
- Facilitated additional sessions to clarify complex topics and provide in-depth explanations.
- Actively contributed to students' GitHub projects by identifying and documenting issues, fostering practical learning.
- Worked on several small-scale front-end development projects during the course, gaining practical experience in applying web development concepts.

BEU ICT Lab

Junior Front End Developer Intern

October 2019 – September 2020

Baku, Azerbaijan

- Collaborated as a member of the development team to create the front-end of the ICT Lab's website.
- Our primary focus was to ensure the website's responsiveness and adhere to SEO best practices.
- I actively contributed to the development and optimization of the website.

Projects

Book Library Website | HTML, CSS, Bootstrap, JavaScript, Firebase, jQuery, API

April 2023

- I utilized HTML, CSS, and Bootstrap for creating an appealing and responsive user interface.
- JavaScript and jQuery powered our website with dynamic and interactive functionalities, including a Slick Slider for smooth content presentation.
- Firebase was employed for backend operations, such as managing user data, comments, and book information, ensuring real-time updates.
- LocalStorage API was integrated to enhance the user experience by allowing users to save their favorite books locally.

Spend Elon Mask Money | HTML, CSS, Bootstrap, JavaScript, React, API

November 2021

- I utilized HTML and CSS for creating the website's structure and styling.
- JavaScript played a pivotal role in adding interactive elements and functionality to the website.
- An API was employed to fetch product photos, enriching the visual representation of items available for purchase.
- Leveraging React, I built dynamic components, providing a seamless user experience for managing expenses.
